Attachments: 102020 SIB ASAO pdf.pdf

Hi Jennifer,

Attached is the current draft ASAO. I accepted edits from the previous version in order to make it easier to read, and then used track changes to add the new financial assurance language and other requested edits. Note that I updated the paragraph number cross references in the financial assurance section for ease of review, but we still need to carefully proof-read the entire thing once all the language is finalized.

Shall we set up a time to check in by phone later this week?

Thanks,
Steph
